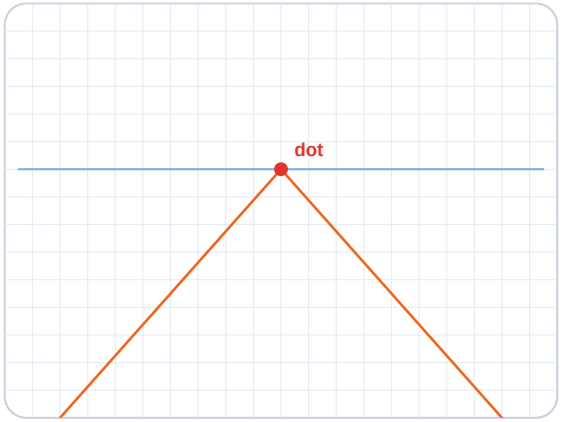
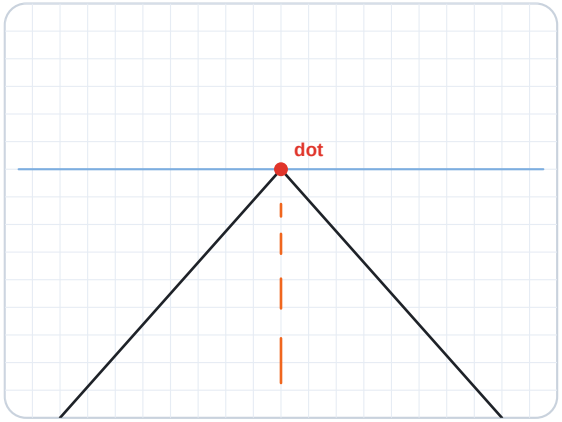
Put a dot in the middle of the line. Everything far away runs into this magic dot.



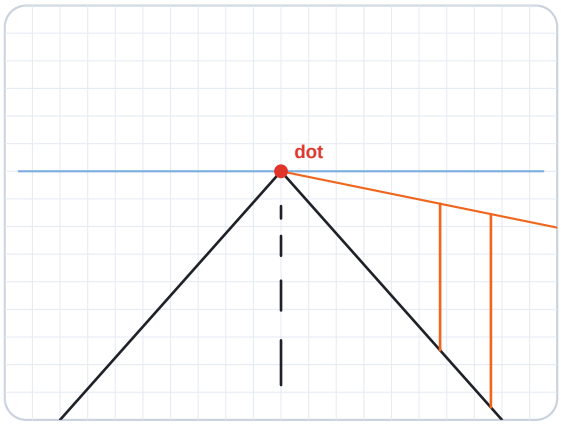
STEP 3 **Make the road**

Draw two lines from the dot down to the bottom corners. Wow, a road!



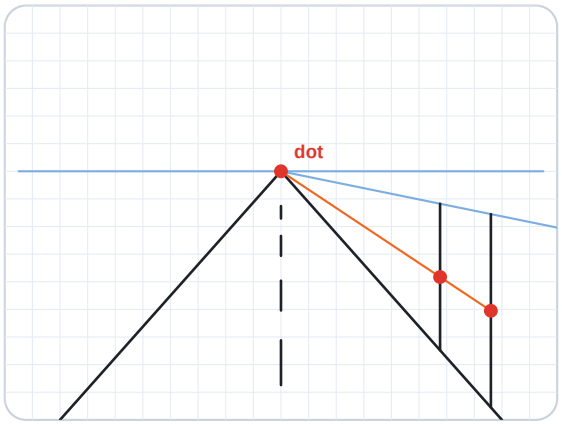
STEP 4 **Road stripes**

Draw stripes in the middle of the road. Make them smaller near the dot.



STEP 5 **The first two posts**

Draw a tall post on the road edge. Draw a soft line from its top to the magic dot. Then draw a second post that touches that line.



STEP 6 **Find the middle**

Put a dot in the middle of the first post. Draw a soft line from it to the magic dot.
