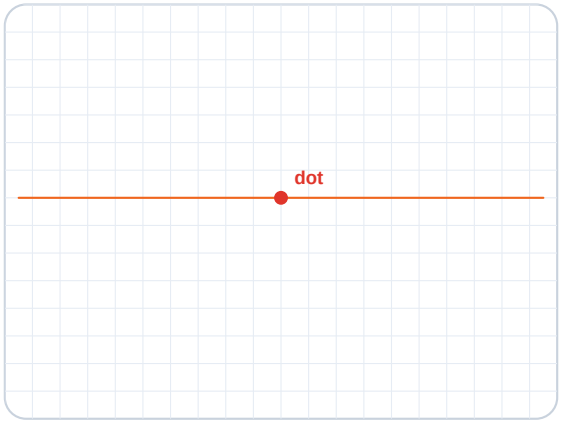
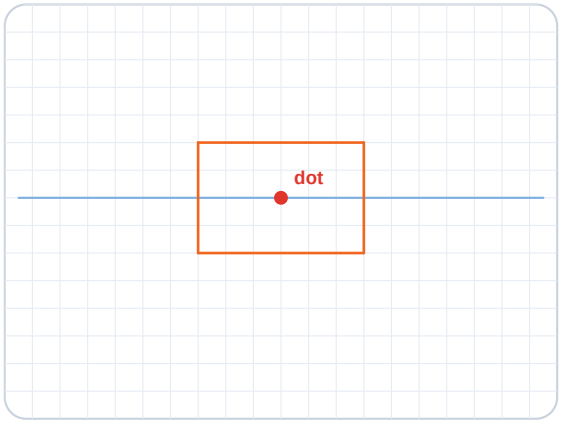
# Your Secret Room

Follow the steps. Draw the orange lines! Blue lines are soft helper lines.



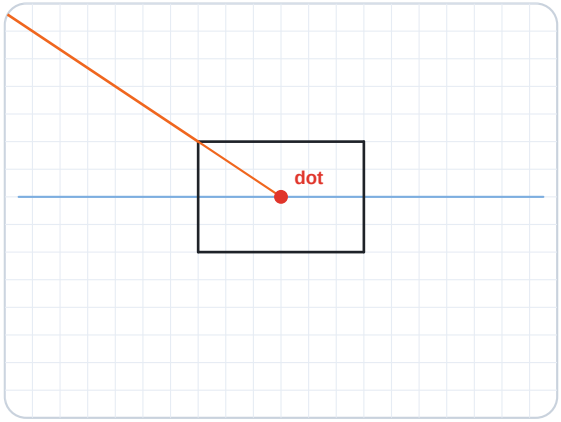
**STEP 1** **Line and dot**

Draw the sky line with the magic dot in the middle.



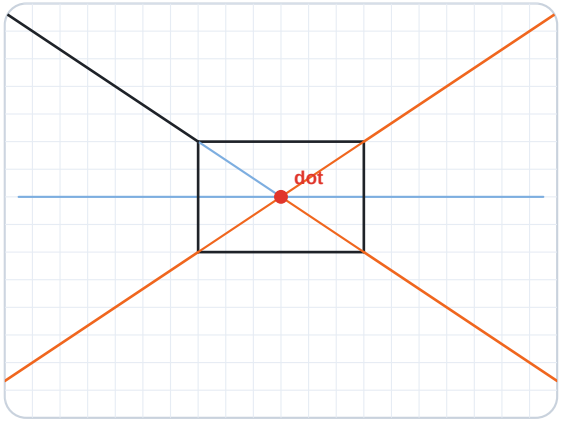
**STEP 2** **The back wall**

Draw a box around the dot, one side at a time. That is the far wall.



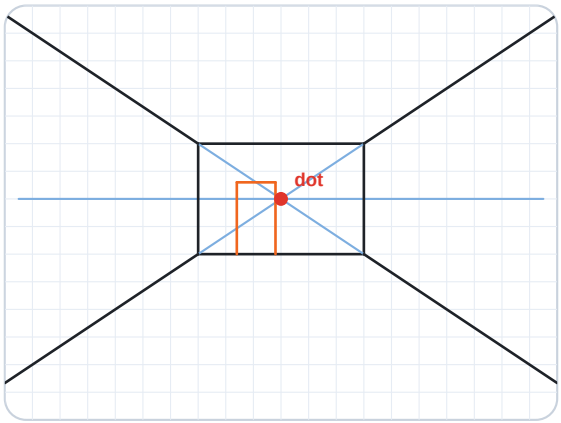
**STEP 3** **The first corner line**

Put your ruler on the magic dot and the top left corner. Draw from the dot, through the corner, all the way to the edge!



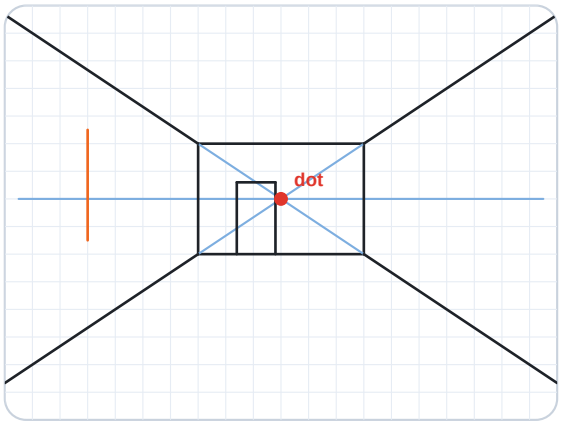
**STEP 4** **Three more lines**

Do the same for the other three corners, one by one. Now you are inside a room!



**STEP 5** **The door**

Draw the door on the back wall: one side, the top, then the other side.



**STEP 6** **Window edge**

On the left wall, draw a straight line going down. That is the edge of the window.

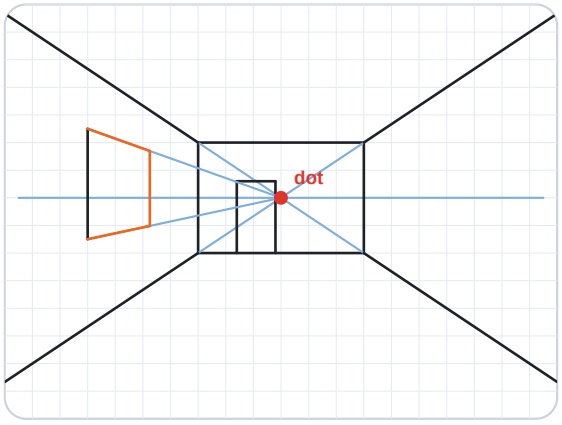
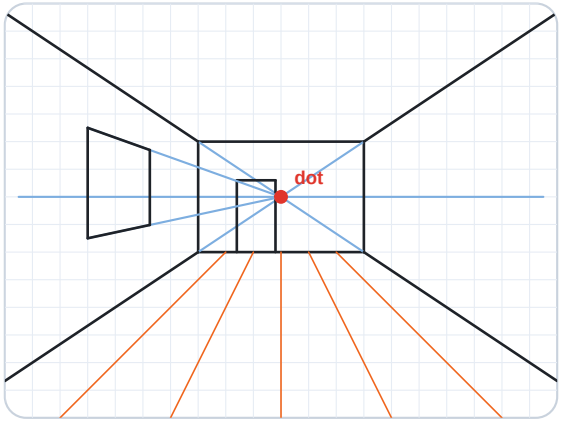
**STEP 7** **Window helper lines**

Draw soft lines from the magic dot to the top and the bottom of that line.



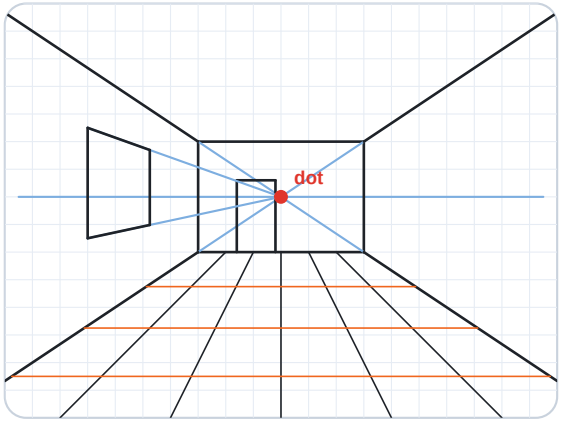
**STEP 8** **Finish the window**

Draw a second line going down between the helper lines. Then draw the top and the bottom of the window.



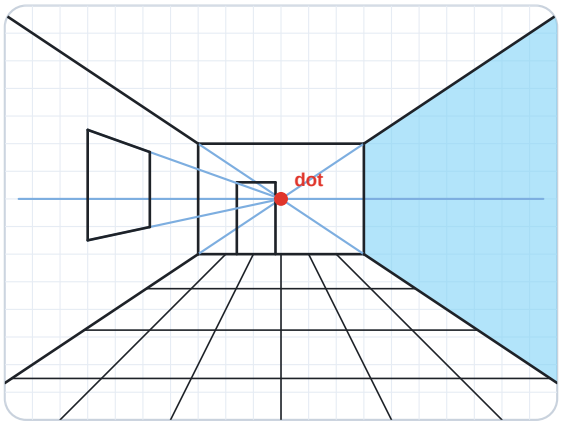
**STEP 9** **Floor lines**

Draw lines from the back wall down to the bottom of the page. They all point to the dot.



**STEP 10** **Lines across**

Draw lines across the floor. Make them closer near the back wall. A checkered floor!



**STEP 11** **Color a wall**

Color one wall. Who lives in your room?
